

## Split morning SLALOM session and afternoon SLALOM/PICSE public workshop

### Morning SLALOM session (by invitation)

Time	Session	Speakers
10:00 – 12:00	Welcome. Setting the scene. SLALOM <i>morning session overview and link to afternoon workshop with PICSE</i>  <i>We propose a morning of guided conversations on legal and technical topics arising from the SLALOM project work and that present thorny issues for procurers.</i>	Daniel Field, Atos (SLALOM coordinator)  George Kousiouris, Vassiliki Andronikou (ICCS)  David Bicket (CIF)  Gian Marco Rinaldi, Bird & Bird

### Afternoon / public session

#### Title: The role of procurement, contracts and SLAs in the Open Science Cloud

The European Open Science Cloud envisages a trusted, open environment for storing, sharing and re-using scientific data and results and supporting Open Science practices. How do procurement practices, cloud contracts and SLAs affect the establishment of such environment? The PICSE (Procurement Innovation for Cloud Services in Europe- [www.picse.eu](http://www.picse.eu)) and SLALOM (Legal & open model terms for cloud SLA and contracts [www.slalom-project.eu](http://www.slalom-project.eu)) H2020-funded projects have been working to answer this question. The workshop will be the opportunity to present to public procurers and policy makers the advances made in the cloud procurement and contract field and to establish a set of call for actions for the next 5 years.

Time	Session	Speakers
13:00 - 13:10	Setting the scene: Workshop objectives and expectations	Daniel Field, Atos (SLALOM), Bob Jones, CERN (PICSE)
13:10 – 13:30	Cloud procurement for science: opportunities and main challenges  Main topics: <ul style="list-style-type: none"><li>• How the new pre-commercial-procurement HNSciCloud contributes to the OSC</li><li>• What does “procuring cloud services” mean today? The PICSE Roadmap</li><li>• Major challenges in cloud contracts &amp; SLAs from the</li></ul>	Bob Jones, CERN (PICSE)

	PICSE case studies Guided open discussion	
13:30 -14:15	3 debates on 3 legal themes. Quick-fire debates (interactive / audience participation) Guided open discussion	Gian Marco Rinaldi, Bird&Bird (SLALOM)
14:15 – 14:30	Coffee break	
14:30 – 15:05	SLALOM technical contributions and ISO liason Guided open discussion	George Kousiouris, Vassiliki Andronikou (ICCS), David Bicket (CIF) (SLALOM)
15:05 – 15:50	Panel roundtable - PICSE, SLALOM, SLA Ready <i>debate on legal/technical aspects of cloud contracts/SLAs</i>	Daniel Field, Atos (SLALOM), Bob Jones, CERN (PICSE), All
15:50 – 16:00	Closing remarks	

#### For further information:

SLALOM and PICSE are initiatives funded under the H2020 Programme for Research and Innovation.
